

Partnering with Christian Families

HELP US CONTINUE TO GROW!

"Orangeville Christian School nurtures children through quality, Christ-centred learning within a caring environment supported by a dedicated, interdenominational community."

The above mission statement shapes the education at Orangeville Christian School. At a time when many are grieving the loss of community and morals in the public arena, we are able to boast 30 consecutive years of education that fosters community and challenges children to grow in their walk with God. Our school is full of parents who can attest to what the following parent said:

"Orangeville Christian School provides a strong, nurturing educational environment for our children. It has been more than just a school for them - it is a place of community. Our children have built strong relationships with their teachers and peers and they have enjoyed rich experiences both within and beyond the traditional classroom. Our whole family has been blessed by this school!"

We Can't do it Without You...

Orangeville Christian School is currently experiencing an explosion of growth. We have grown to a population of approximately 80 students from over a dozen denominations. Seven full and part-time teaching staff work to meet the individual needs of each child on a daily basis. We are entering the future with anticipation and excitement. A 3-year growth plan is in place that will guide us as we strive to provide Christian education for more families in Dufferin County.

OUR VISION

Orangeville Christian School will achieve growth by providing children with excellent innovative programs while partnering with our local communities, thus becoming a vibrant Christ-like presence in the world.

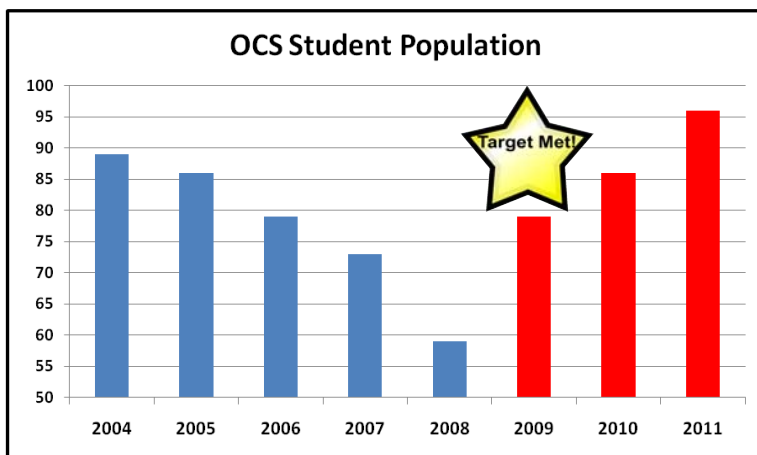

THE FUTURE OF OCS!

- Fund Drive 2010 -

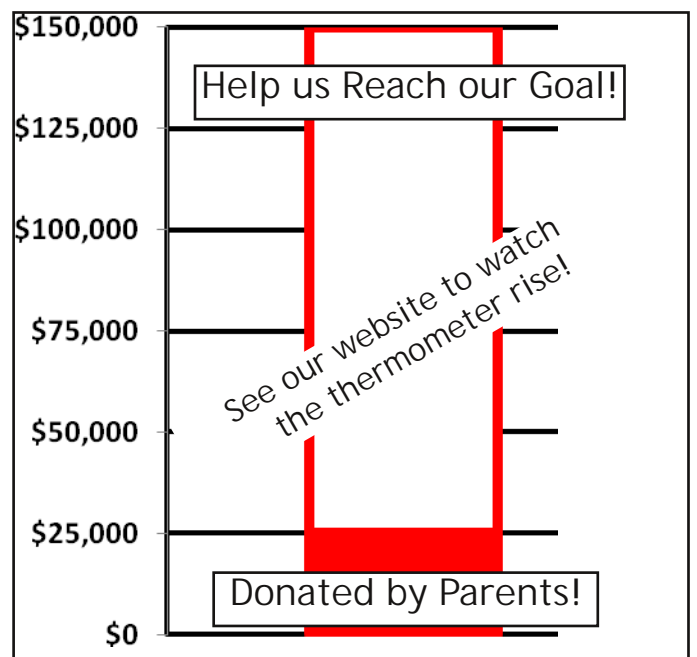

In the spring of 2009, the members of Orangeville Christian School made a decision to lower tuition costs in order to enable more families to be blessed by Christian Education. This change in tuition fees results in a need to grow the student population by a large portion. To make this more attainable, it was decided to spread the growth over 3 years. We now have a three-year budget plan as well as growth target goals for each of the years.

God blessed us with 20 additional students this year and we met our first target!

Our three year plan will result in OCS becoming more financially viable because our tuition costs will cover the majority of our operating costs. However, the first two years of the plan will result in deficits that will require financing.

Our parents felt so strongly that this was the right move for OCS that they have already generously pledged a total of \$25,000 towards this fund drive. Your gift will enable us to continue with our planned growth and may even help us to rely less on borrowed funds. Reaching our \$150,000 goal will allow us to reserve use of borrowed funds to contingency situations.

We had a tremendously successful fund drive last year that paved the way for Orangeville Christian School to take on this exciting plan. It also enabled us to lower our operating debt from \$150,000 to \$31,000! Gifts from people like you who love Christian education make this vision possible to bless our children with Christ-centred learning. Please prayerfully consider this cause and know that our prayer team will also be praying for you. A canvasser will contact you within the next few days to discuss this opportunity with you. May God bless you as you partner with us in your giving.

In His Service,

Paul Marcus - Principal and COO
